DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Enclosed is an examiner's amendment to the independent claims.

ENC PTOL.FEZ

Art Unit: 2817

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

At the end of the independent claims the following was added: "wherein the output current of the first and second current amplifiers vary in proportion to variations in the input current to the first and second amplifiers.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Frank M. Scutch, III on July 25, 2005.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Nishikido 6,803,831 (Nishikido) discloses a ring oscillator arrangement wherein Nishikido is silent on the amount of current out of inverter CSI compared to the amount of current in. An inverter is a voltage device. Furthermore, the arrangement of Nishikido is not even a VCO delay cell in that there is no description of a voltage that controls the frequency of the oscillator.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael B. Shingleton whose telephone number is (571) 272-1770.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Pascal, can be reached on (571)272-1769. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
